## WOMAN'S BOARD HAS A MEETING

Interesting Papers on Mission Work in Africa and North Carolina.

There was a meeting of more than usual interest at the gathering of the Woman's Board in the Central Union church parlors yesterday afternoon. The program contained some timely numbers and the presence of the Missionary Gleaners and the Aurora Society added to the pleasure of the meeting.

Mrs. Scudder read a story of the early missionaries in Africa, showing the privations they were obliged to undergo in their efforts to christianize the heathen in that dark continent. The speaker compared the work of those times with that of today, and pointed out that the missionaries there now were merely carrying on the work of their predecessors.

Mrs. T. G. Thrum read an interesting letter from friends in the work in New York, New York, acknowledging the receipt of a box of curios from these islands. These had been used at one of the meetings of the board in that section and the receipts from their sale amounted to \$64. A hopeful letter from Miss Arnot, a missionary in the Congo Free State, was read by Mrs. Coan, and another by Miss Gilman, in which Miss Arnot described her journey to Africa. These were excellent contributions to the general program.

Mrs. Clark of Cincinnati, a guest of the board at this meeting, spoke of the mission work of Henry Judd among the whites in North Carolina. She remarked that when she first heard of Hawaii sending missionaries to the mainland it seemed peculiar, because in former years the situation was reversed. Mr. Judd, she said, had a grand field in which to work, and felt that he would meet with success. What General Armstrong had accomplished in Hampton, Mr. Judd, another Hawaii boy, would in the Carolinas.

Mrs. Weaver read a paper outlining the work in Central Africa. [This contribution had much to recommend it and would be printed in this article but for the fact that it had to be sent to Maui to be read there and its publication at this time would be premature. The usual song and prayer service was included in the program, the meeting adjourning at 4 p. m.]

## Vapo-Cresolene

Established 1879  
Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach? It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Sold by druggists.  
Send postal for booklet.  
VAPOR-CRESOLENE CO.,  
180 Fulton St.,  
New York, U. S. A.

## WHAT IT WILL DO.

A woman buys a sewing machine for what it will do; not as an article of furniture. A man carries a watch to tell him the time; not as an investment of surplus capital. The same principle when one is ill. We want the medicine or the treatment which will relieve and cure. The friend in need must be a friend indeed, something, or somebody, with a reputation. There should be no guesswork in treating disease. People have the right to know what a medicine is, and what it will do, before they take it. It must have behind it an open record of benefit to others for the same diseases, a series of cures that proves its merit and inspires confidence. It is because it has such a record that WAMPOLE'S PREPARATION

is bought and used without hesitation or doubt. Its Good Name is the solid basis for the faith the people have in it; and a good name has to be earned by good deeds. It does what you have a right to expect it to do. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In Scrofula, Anemia, Nervous and General Debility, Influenza and Wasting Complaints, it is to be thoroughly relied upon. Doctor J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition; it stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine. Every dose effective. 'You cannot be disappointed in it.' Sold by chemists throughout the world."

## GLIMPSES OF THE ORIENT IN NEWS FROM ASIATIC FILES

The Sakai police station has reported to the Naval Department that the captain of the steamer Hankaku Maru sighted a floating mine in Lat. 33 deg. 40 min. N., Long. 133 deg. 35 min. 15 sec. E., approximate, on Friday morning.

A Tokio message states that it is reported from Maizuru Naval Station that a mine of Russian type was sighted off the coast of Cape Idzumo, Yama district, Idzumo province, yesterday.

The Naval Department has received a telegram from Aomori stating that a mechanical mine has been sighted by the steamer Toyoshima Maru in Mutsu Bay.

A Moji telegram to the Kobe Shimbun states that the German steamer Vandalla, which arrived there yesterday, reports having sighted a floating mine in Long. 125 deg. 47 min. E., Lat. 33 deg. 50 min., on the 16th—Kobe Herald.

## A FLIGHT OF MAGPIES.

The Korea Daily News states that a few days ago there was a great fight of magpies in the northern part of Seoul. It was a battle royal and the deaths were many. The scene of the fight, was close to the residence of Prince Yi Chaiwan, and a boy in service there caught and sold to Japanese a number of the fallen birds.

## JAPAN AND PHILIPPINES.

It is reported that Messrs. Oishi, Inukai, Haseba, Ooka, Tomidzu and Ueda, with other politicians and scholars, have made arrangements to establish a "Nichi-Bi" (Japan-Philippine) Association for the purpose of promoting the friendship between Japan and the Philippine Islands. At a meeting held yesterday afternoon at the Selyoken, Ueno, Tokio, the organization of the proposed association was considered. Twenty-four Filipino students were present at the meeting.

## CONSUL HAYWOOD'S DEATH.

It is announced that Mr. William Haywood, American Consul General to Korea, died at his home in Arizona.

Waiakea Mill Co to R T Guard (Mrs), L; 30018 sq ft land, Waiakea,

U. S. A., on the 19th inst, from consumption. Commenting on the sad occurrence, the Seoul Press remarks that the intelligence hardly comes in the nature of a surprise, as the condition of Mr. Haywood's health when he left Seoul gave only the slightest hope even of partial recovery. Mr. Haywood was at one time Consul General to Hawaii and earned warm commendation from his official superiors by his performance of the delicate and difficult duties which devolved upon him during the war between Spain and the United States, and afterwards during the prevalence of the bubonic plague at Honolulu. Mr. Haywood was appointed to his responsible position at Seoul only a short time before the unfortunate breakdown of his health.

## REPAIRS ON THE MIKASA.

We learn from a Tokio message that the repairs to the battleship Mikasa at Sasebo have made great progress. The work on the outside of the vessel has been completed and the repairs to the interior have already been commenced. It is believed that the expenditure required will be much lower than was originally estimated, as the damage to the battleship has proved not to be so great as was supposed. The expectation is that the Mikasa will be fit to be placed on the active list again some time next year.

## MONEY FROM RUSSIA.

According to a Tokio message to the Osaka Jiji, it is reported at the capital that the amount to be received by the Japanese Government from Russia for the maintenance of the prisoners of war in Japan has now been finally fixed at the comparatively small sum of 30,000,000 yen. The amount originally asked by the Japanese Government was reported at the time to be 80,000,000 yen, and it has since been understood that Russia had agreed to pay 50,000,000 yen.

It is also reported from Tokio that Dr. Martens, Adviser to the Russian Foreign Department, who was Superintendent of the Prisoners' Intelligence Bureau at the time of the late war, has called upon Mr. Motono, the Japanese Minister at St. Petersburg, and requested him to formally convey to the Japanese Foreign Department the cordial thanks of the Russian Government for the kind treatment accorded to the prisoners of war during their detention in Japan.

## CHINESE MONEY TO HELP THE STARVING

The Honolulu Chinese are responding generously to the appeal for aid coming to them from the famine-stricken provinces of China. Today nearly three thousand dollars gold will be cabled to Shanghai as their first contribution to the relief fund and within two weeks it is expected that this will be followed by at least five thousand dollars more. The sum to be forwarded today was voted last night at a meeting of the Chinese Health Protective Association, held in the United Chinese Society's hall on King street.

On Monday night another meeting had been held by the United Chinese Society, at which \$2500 had been voted for the famine sufferers. At this meeting, which had been called at the request of the Chinese Consul, an urgent appeal for help was made, the Consul reading various despatches he had received from his government regarding the desperate condition in which many hundreds of thousands of Chinese had been placed through the flooding of their districts from the Yang-tse-Kiang river.

In addition to the various sums voted or promised from the various societies, a subscription list will be circulated throughout the Territory, beginning in Honolulu today.

## ENDORSE THE CONFERENCE

(Continued from Page One.)

chair appoint a committee to confer with the treasurer as to the proper form of exhibit to be observed.

Messrs. Macfarlane, Wakefield and McInerney were appointed a committee.

E. A. McInerney stated that he had spoken to the treasurer regarding the matter. The latter did not desire to have any legislation and would accept reports which embodied a full and accurate return of a corporation's financial condition.

The meeting then adjourned.

## THE MAILS.

## A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes: "I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would bleed after eating, and frequently become nauseated. I had pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excita-

bility, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, at once removes such troubles. No other female medicine in the world has received such widespread and unqualified endorsement. The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.
